

# Another tunnel vision

RTA planners have drawn up a new 3km underground motorway that would slice through the inner west from Victoria Rd at Rozelle to Sydney airport. The motorway would connect to the proposed M4 East tunnel.

2. Expanded plan has M4 East meeting Inner West Motorway. It would run from Victoria Rd in the north down to St Peters

3. Where motorways meet at Annandale the RTA describes "a large underground interchange"

1. The route of the proposed M4 East tunnel which will link M4 at Strathfield with City Westlink

6. Inner West Motorway proposal would be all tunnel with possible overland section along Johnston St, Annandale

4. Ramps at Parramatta Rd, Campdown, to cause "major issues" for development and road changes
